To whom it may concern.

My name is Dr. Sosteric. I am associate university professor at Athabasca University in Canada.

I have known Ben for about ten years now and in that time he has been both a student and colleague of mine. He is sharp, intelligent, enthusiastic, and capable of technological wizardry. Ben has partnered with me to develop an app which is currently available on the Android platform, with an IOS version coming soon.

I would highly recommend Ben, and I feel he would make a valuable asset to any organization.

Please feel free to contact me if you have any questions.
